

# How to Register to an ACBL Online Regional

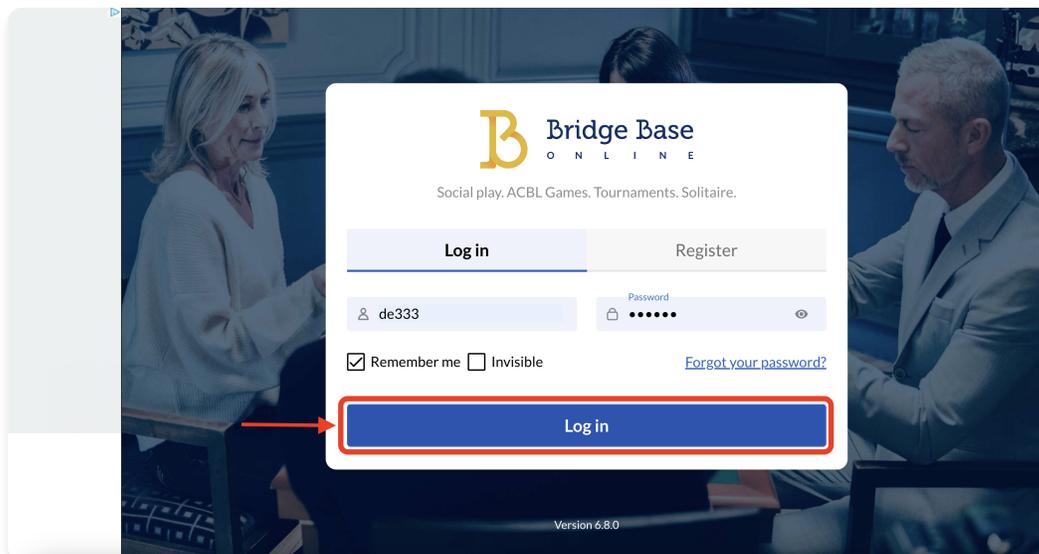

Below is a step-by-step guide on how to register for an ACBL Regional Tournament. If you don't have a BBO account yet, [click here](#) to find out how to create one before proceeding.

## Things to know about playing ACBL Regional games on BBO:

- Registration opens 24 hours prior to the start of the game, allowing ample time for you and your partner to coordinate and register together online. Both you and your partner must be online in order to register.
- For two-session events, you only need to register for the first session. Your partnership will automatically be registered for the second session, all you need to do is to be online at the start time.
- You will need to register with a partner from your own District; you will not be able to invite someone from another district.
